

Augusto Paulo Valente Nogueira

IFNGO - International Federation of Non Government Organization for the Prevention of Drug and Substance Abuse

Supported by:

SANA - Singapore Anti-Narcotics Association

Candidate for:

Deputy Treasurer

I believe I can use my experience as President of the IFNGO – International Federation of Non-Governmental Organizations and also President of the ARTM, Macau to support the Treasurer and as well the VNGOC. I believe its time to have someone from the Asia on on the board of the VNGOC, as it was express during the consultation, IFNGO has a large number of members in the region and good connections with other institutions in Asia, as President of the IFNGO, we have been running workshops and conferences in the region which give us a large experience, we have been working very close with UN agencies and government bodies. We believe its time for Asia be more involve, have our voice out , to improve the drug matters in the region but also to share what of success its happening in this region.

Thank You!.
