

George Ochieng Odalo
Slum Child Foundation

Supported by:
SAM - Smart Approaches for Marijuana

Candidate for:
Deputy Treasurer

My passion to run for this position is driven by the change that am eager to bring to the board more so for the voiceless young people around the globe who are affected by drugs, policies made at different levels and they are never given a chance in the society to express or even give solution to the problem facing them. I believe my presence here will enhance the board's engagement with young people all around the globe.
