

VIENNA NGO COMMITTEE ON DRUGS (VNGOC)

Strategic Plan 2022 – 2025

ABOUT VNGOC

Established in 1983 as a non-governmental organisation (NGO) in Austria,¹ the Vienna NGO Committee on Drugs (VNGOC) is a coordinating body for civil society groups around the world that are concerned with drug policies. The VNGOC provides a link between NGOs and the Vienna-based agencies involved in setting drug policy: the UN Commission on Narcotic Drugs (CND), the International Narcotics Control Board (INCB), and the United Nations Office on Drugs and Crime (UNODC).

The VNGOC's purpose is to:

1. Support the activities of NGOs, and promoting contacts and collaboration with the relevant international agencies, offices and fora.
2. Promote activities that lead to enhanced communication, cooperation and scientific, cultural and social exchanges between NGOs, UN agencies and member states.
3. Promote increased awareness about issues relating to controlled substances through the dissemination of news and information.
4. Facilitate the representation of NGOs reflecting the broadest possible range of perspectives and groups involved, including affected populations.

The VNGOC's work is guided by the VNGOC Statutes and Rules of Procedure,² which were revised and adopted by the membership in 2017. The Committee represents the broadest spectrum of civil society stakeholders in the drug policy debate: members come from all around the world, and are engaged in service delivery, advocacy, research, evaluation and much more – at the international, regional and national levels.³

As of March 2021, the VNGOC represented approximately 320 organizations.

ABOUT THIS DOCUMENT

This document aims to provide a strategic overview for the work of the VNGOC, as guided by its elected Board and agreed by the membership. The Plan covers a period including the 40th anniversary of the Committee (in 2023) and the next high-level UN drug policy moment (a mid-term review of the 2019 Political Declaration, slated for March 2024).

The Strategic Plan comprises **XX** actions organised into four strategic objectives that mirror the successful model of operation developed by the Committee in recent years.
